What is up with PDA?!?

QUOTE FROM ANONYMOUS STUDENT

"Everytime I walk around the halls I see too much PDA! Having classes from A hall to E hall I have to practically close my eyes while walking! This needs to stop now!"

PDA AT SEQUOIA

The amount of PDA at Sequoia Middle School caused scientists to do studies on our middle school. These studies show that the average student see's around 3-4 acts of PDA a day! Thats ALOT! Scientists say to lower these rates we should keep our actions school appropriate. Read this quote to the left from a fellow Sequoia student.
