# MAKE SURE YOU REMEMBER YOUR STUFF!

Scientists say that the lost and found is getting to full from students forgetting their stuff all over school grounds!!!

“Attention, students: please remember to pick up your hoodies, water bottles, and whatever else you’ve abandoned around the school before they end up in the lost and found. And to people out here taking other people’s stuff to resell or wear—this isn’t your personal thrift store; stop being weird, and touch some grass, stealing is NOT a side hustle!

# Which class period is your favorite?

Mrs. Reinsch and Mrs. Mendoza!!

Mrs. Reinsch says she likes all of her periods the same!!!

Mrs. Mendoza also said she can't choose. Well played teachers....

I think that we should have more lunch options

I think that we should have more extended due dates!

I think that we should have more assemblies and events!

We also interviewed some students from 8th grade and asked them what they would like to improve about our school.
