What would happen is Kendrick Lamar Came to Our Campus

If Kendrick Lamar(DRAKE'S OPP) visited Sequoia Middle School, there would be anarchy!!! Students would be fainting left and right and no one would be able to focus on school work! Scientist estimate that 9.99999 out of 10 students would not know what to do with the emotions of seeing Kendrick and would explode on the spot. On another note Drake fans would be livid and would cry like little babies. It is also predicted that at the end of the day everyone including the staff would all sing Kendrick Lamar's song Not like us. Kendrick would be too much for us to handle.
