# What do You Prefer : Beaches or Mountains?

Beaches 55%

Mountains 45%

Parker - "I like beaches more because of the warm sand in between my toes."

Paige - "I like mountains more because they're peaceful."

Matthew -  
"I like beaches more because I like swimming in the ocean."

Kainoa -  
"I like Mountains more because of the view when you get to the top."

# SCHOOL SHOULD BE LATER

Us at 7 in the morning:

Us after 8 hours of school just  
to go home and do  
homework

Us after getting  
later class times

As we all know, NO ONE likes waking up at 6 in the morning to go to school. Once we are at school our brains are too tired to think. Multiple students agree with me saying "To wake up our brains so we can process things better". Therefore we are not learning and testing at our full potential. Teachers and parents have said to just go to bed earlier but those are the same people that give us homework, sign us up for sports, etc. "After school plus sports I don't have time to do my 2 hours of homework" If school was later we'd be able to do sports, do our homework, be more focused during class, etc. School shouldn't be too much later though I'd say we start at 9:30 and end at 3:00 plus have a block schedule.
