*Julia's favorite place is her bedroom because "It has my bed and I like to sleep"*

*Joshua's favorite place is Mexico because "It's my favorite place to go on vacation."*

*Aiden's Favorite place is school because "So I can see friends"*

favourite place

# Brainrot Sequoia

## STUDENTS ADDICTED TO BRAINROT??

(why..)

Lately, many Sequoia students have been infected with lots of brainrot for some dumb reason, which basically means they constantly say “6 7” and talk about “italian brainrot” and other memes from apps like TikTok. It’s been causing a lot misbehaving and driving teachers crazy. Whenever any teacher mentions anything that has to do with the numbers 6 and 7, nearly the entire class goes crazy. It has even come to the point where in some non-math classrooms, all numbers are BANNED. For other popular types of brainrot, there’s “italian brainrot” which everyone talks about because the popular game “Steal a Brainrot”, and you can see lots of people playing this and talking about brainrot these days..

*“Having to hear students yell “6 7” and talk about Steal A Brainrot admin abuse 7 times a day is so exhausting and annoying and makes teaching harder than it should be.”*

I LOVE STEAL A BRAINROT  
IT'S SO 6 7

*Anonymous Teacher*
