I think that Halloween is one of the best holidays and here is why! First off, you get to dress up as anyone you want! I love dressing up because you get to be whoever you want and not be judged! You also get to trick or treat with your friends which is my favorite part because you get to stay up late walking around neighborhoods getting candy! Another thing that I love so much about Halloween is getting all the candy. You get so much and it will last a long time! In conclusion I think Halloween is a really fun and unique holiday!
