**I think crepes are better with Nutella because waffles are only good with cream cheese-Aniyah Muhammad**

**I like nutella with crepes because it reminds me it reminds me when I went to france. -Addison Muzac**

**I dont like nutella because I don't eat nuts -Laota Alantini**

# Opinion page

Nutella or Hershey's spread

Nutella is better in my opinion because you can make anything out of it and make baking ideas, and I've never tried Hershey's spread before. Nutella is also good on waffles and many other things (like, brownies, crepes etc)

Nutella because it's good, and you can make it out of chocolate milk.

-Maria Garcia

Nutella because I haven't tried Hershey's spreads.

-Daniela Ochoa Mendoza

Nutella because it's really good and we can also make bread with Nutella.

-Kira Arestova
