OPINIONATED SEQUOIA

Which is better laughing or crying

In my opinion laughing is wayyyyy better than crying. Though crying feels good sometimes, it ruins your makeup and is often unpleasant. But the odds of laughing so hard that you pee or cry is low it is still a possibility. Most people I consulted agreed with me, “Laughing cause I laugh a lot and I DO NOT like crying” - Daniel Kaplun or “laughing cause im not emo” - Mateo Fontillas.
